My hobbies are: To first my profession. I loved the work in the archiv. Then I play a trombone in the trombone-choir of the evangelical church of Hagsfeld. Also the radio-technic (short-wave-technic) is very interesting for me, when I have time !
Also and something I must play with my children, when I will be a good father.

I have send this letter with the airmail. But the documents and the scripts, a map of Karlsruhe and vicinity and the pictures of the church of Hagsfeld also I send you in a separate package, because the rate of postage is dear for airmail.

For my work you can send me a international money order about 3o,- Deutsche Mark.

I have a petition for my daugther Birgit. She is learning English in the first year. She want a girlfriend to write letters in the english language with an age between 1o - 12 years.
When you find such a girl, which will write, you can send the adress .

For the christmas-card I thank you very well.

You must excuse me, that you have must wait much time for this letter and the documents. I have had another works still in the last three months. Before christmas also I was a railway-engineer for my son Frank. He became a model-railway, but I <u>must</u> make it in many work-hours.

When you want another researches of genealogy or church-rekords in Germany, I will help you, as much as possible, also without payment, but at your expense.

With the best wishes, I am

sincerely yours
